

The children of Albert and Elizabeth Studer

Sebastian Studer, Born in 1776 Oberbruck, Alsace, France. His first wife was Anna Maria Ringenbach. His second wife was Anna Marie (Fritz) Studer. He died in 1841 in France. Note, Studers on these charts are all descendants of Anna Marie Fritz.

Albert and Elizabeth (Bechtold) Studer were married in Holy Angels Cathedral in St. Cloud, MN on September 3, 1907. To them were born 5 children, 3 boys and 2 girls. Albert worked at a meat shop where he cut off the top of his pointer finger.

In 1920 the family moved to a little town, Foreston, MN., where there was a need for a drayman. Albert purchased the drayline and worked very hard using a horse team then a truck. He later had a milk truck and hauled milk from the farmers to the creamery. Albert worked the drayline as long as there was a need for one. As merchandise and coal was brought in on the trains, then he delivered them. He also cut ice at the Rum River for ice houses.

The children attended elementary school in a 2 room schoolhouse at Foreston and their high school years in Milaca-3 miles away. Marcelline went on to "Normal School" to become a rural school teacher. Walter married Marie Ahern on February 7, 1935, in Sioux Falls; Julian was wedded to Stella Jurek in St. Patrick Parish near Foley; Dolores married Emerson J. Hirsch on May 30, 1939. Marcelline married Kenneth F. Hirsch (Em's brother) in 1935 and after Kenneth's death married Francis Brunn. Jerome married Muriel Carlson on July 16, 1940.

Albert and Elizabeth enjoyed playing cards with their friends and neighbors every Sunday evening. They had a lot of visitors and journeyed to St. Cloud often to visit relatives. Albert was retired and died of cancer on May 20, 1948 at the age of 64. Elizabeth passed away in Bethel, MN at the age of 92 on December 28, 1974.

I moved to Seattle from St. Cloud with my sister Collette at the start of WWII. We worked at Boeing Aircraft, building B17 bombers. While working in Seattle, I met my husband John who was a communications technician in the Navy. After the war we were married and moved to San Juan, Puerto Rico.

After a couple of years we were transferred to Winter Harbor, Maine. There John was made "Chief". It was a beautiful place to live. Again we were transferred to Recife, Brazil. Since John was Chief in charge, we had to live on the station in a quonset hut. I did have a maid to help with our growing family.

We were then transferred to Yokohama, Japan; which was a very interesting place to live. From Japan we came to Savage, MD where we bought the house we still live in. After a couple of years we were sent to Cheltenham, England. While there we visited Scotland and Ireland because my husband had relatives in those areas. While we lived in England we traveled around alot. I don't think we missed a castle or ruins of a castle, or any of the villages.

From England we were sent to Bremerhaven Germany. During our stay in Bremerhaven, the Berlin Wall was being put up and I was able to go over to see it with our church group. While in Germany we traveled by car to Rome. We stayed in a convent with our 4 children and walked over to St. Peter's Square every day. We saw many of the beautiful historic places. It was a lovely trip.

After retiring from the Navy, John worked for the Bendix Corporation on their space contract. He provided technical support for the Apollo Mission to the Moon; including the first landing on the moon. John is now retired and we enjoy traveling on our own time.
